

# Technology Instructions for Downloading and Putting Videos into Power Points

## Install the Unplug add-on for Firefox

<https://addons.mozilla.org/en-US/firefox/addon/2254>

Firefox: 1.5 - 2.0.0.\*

Install Now

You will have to restart your browser (Firefox) in order for the add-on to be installed.

## How to Download a Movie from TeacherTube/Youtube

1. Select a movie from your website (youtube, teachertube, video.google.com)
2. Click on the “green fish” icon on the top right corner of your browser

The screenshot shows a Firefox browser window with the TeacherTube website open. The address bar shows the URL: [http://www.teachertube.com/view\\_video.php?viewkey=93b89d8fbee5667d077f&page=1&viewtype=&category=](http://www.teachertube.com/view_video.php?viewkey=93b89d8fbee5667d077f&page=1&viewtype=&category=). The Unplug add-on icon is visible in the toolbar. The page content includes navigation tabs (Home, Upload, New Videos, Channels, Groups) and several video thumbnails with titles like "Math Lesson Plans", "Bring Math to Life", "Teachers Ringtone", and "Need Math Help?".

The video player interface shows the title "Abbot\_and\_Costello\_Maths\_Problem". The video frame displays three men in white uniforms and hats, likely in a kitchen or classroom setting. A play button is overlaid on the video frame. The TeacherTube logo is visible in the top right corner of the video frame.

### Video Details:

3. Click “save” and make sure you rename the movie so that you can identify the file later.

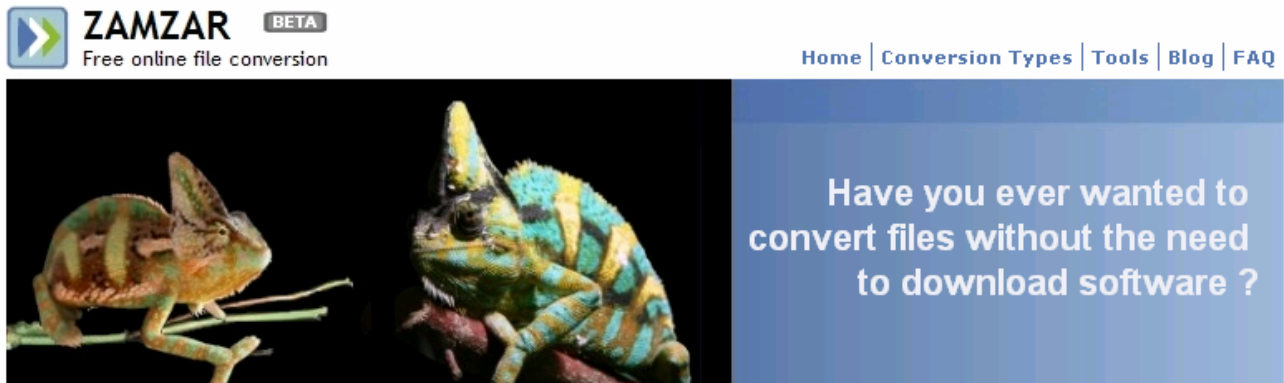

*You might want to make a My Movie Folder on your desktop to store all of these files.*

4. Right now it is in an FLV format and we will use [www.zamzar.com](http://www.zamzar.com) to convert the file

# How to Format to be able to Place a Movie into a Power Point

1. Go to Zamzar.com

<b>Step 1</b> Select files or <a href="#">URL</a> to convert (up to 100MB in size): <input type="text"/> <input type="button" value="Browse..."/>	<b>Step 2</b> Choose the format to convert to: Convert file(s) to: <input type="button" value="v"/>	<b>Step 3</b> Enter your email address to receive converted files: <input type="text"/>	<b>Step 4</b> Convert (by clicking you agree to our <a href="#">Terms of Service</a> ) <input type="button" value="Convert"/>
---	---	---	---

2. Browse for the movie that you just download and that needs to be converted

<b>Step 1</b> Select files or <a href="#">URL</a> to convert (up to 100MB in size): <input type="text"/> <input type="button" value="Browse..."/>	<b>Step 2</b> Choose the format to convert to: avi <input type="button" value="v"/>	<b>Step 3</b> Enter your email address to receive converted files: <input type="text" value="jen.hegna@byron.k12.mn.l"/>	<b>Step 4</b> Convert (by clicking you agree to our <a href="#">Terms of Service</a> ) <input type="button" value="Convert"/>
---	---	--	---

**Files to convert:**

C:\Documents and Settings\administrator.BEARS\Desktop\Movie Folder\abbotCostello.flv	<input type="button" value="Remove File"/>
--	--

Notice that the files to convert is located

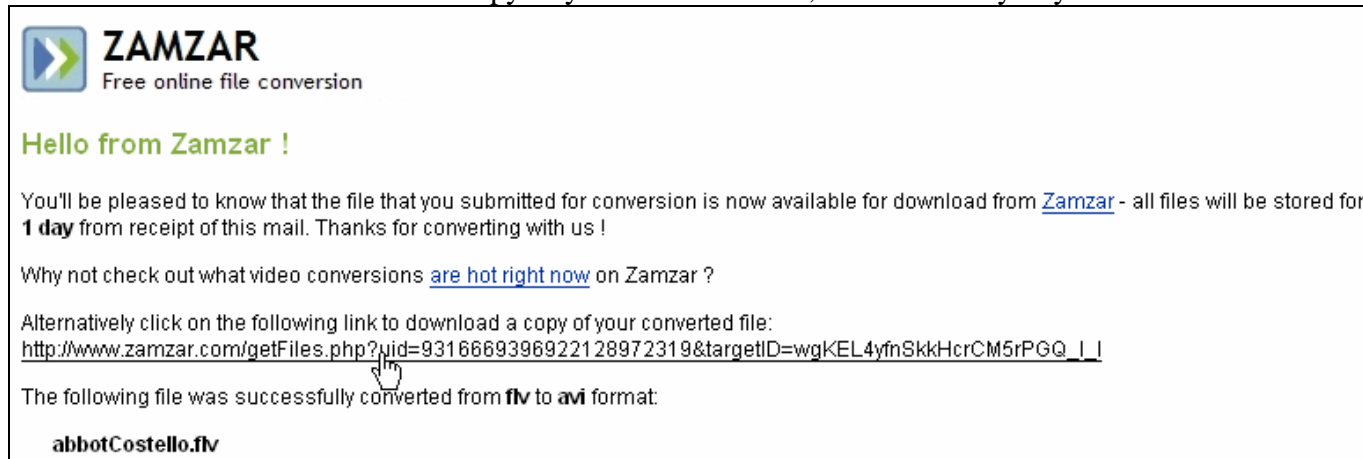

3. Select the avi format,
4. Provide your e-mail address
5. Click “convert”

Wait for the UPLOAD to finish before clicking of off the ZAMZAR Site!

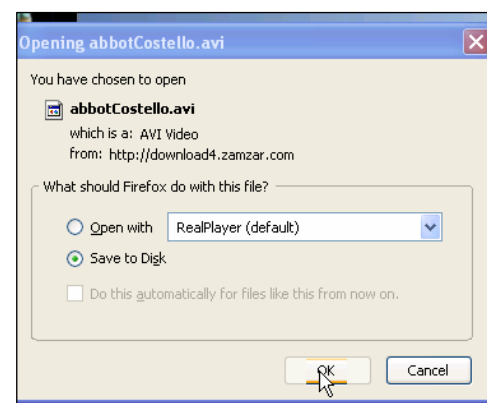

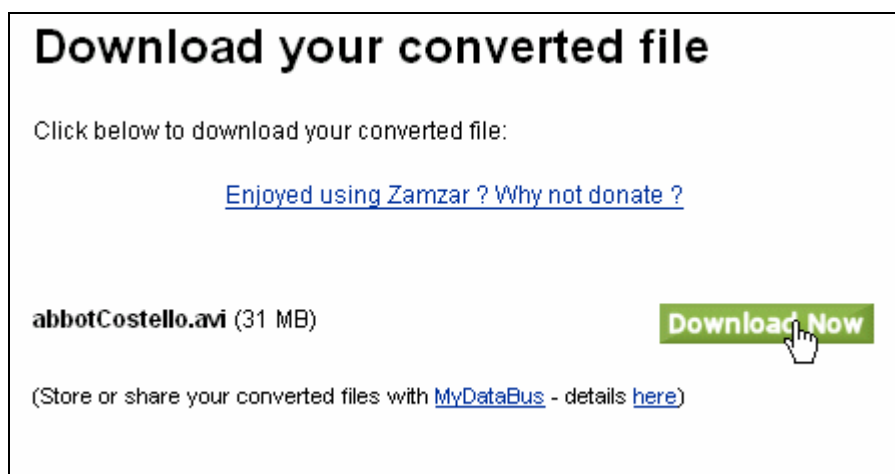

You will receive an e-mail back from Zamzar with the conversion – Depending how large the file is, it may take some time to receive this email.

● * <b>Converted file from Zamzar: abbotCostello.flv</b>	9:08 AM	Zamzar Conversions	17KB
--	---------	--------------------	------

1. Click on the link to download a copy of your converted file, this will take you your browser

2. click on the “download now” box, it will give you two options, pick the lower option, “save to disk”

3. Downloading can take some time depending on the size of the file! Most likely the converted file will be located on your desktop

## How to Insert a Video Clip into the Power Point

1. When working in the power point go to “insert” and select “movies and sounds”, select “movie from file”
2. You will have edit the movie object to make it play correctly
3. “right click” the mouse and go to “edit movie object” and select “zoom to full screen” and then click ok

## Another Way to Connect a Video to a Power Point

1. Make a text statement, like the title of the video
2. Highlight the statement and “right click” and select “hyperlink”
3. Go to the place where the video is stored on your desktop or in your files and select it and hit “okay”
4. When you play this in your power point there may be some message windows you have to click on to proceed to getting the video
